

International Society of Nephrology

Advancing Nephrology Around the World

ISN - ANIO Clinical Nephropathology Certificate Program (CNC)

- Regular, online, interactive GoToWebinar sessions
 - Complimentary one intensive, 3-day, workshop-style conference that will be at the beginning of the certificate year
- ** Primary audience for this program will be pathologists and nephrologists seeking training in the principles and practice of Nephropathology **

Program Objectives:

- To identify the key principles in the preparation of kidney biopsy material – preparation of sections for LM, IF and EM. Review the different staining techniques and their purpose.
- Apply knowledge of different patterns of renal injury observed in histopathologic specimens in classifying syndromes of nephronal injury and integrating this knowledge into the management of clinical presentations of renal disease.
- Use newly gained knowledge of specific renal syndromes or diseases (e.g., Acute kidney injury, autoimmune renal disease, diabetic kidney disease, genetic renal disease, hepatorenal syndrome, pregnancy related renal disease) to infer pathophysiologic mechanisms and apply this to the management of patients.
- Use updated knowledge of kidney pathology for better patient management.

Course Fee: \$ 150 (USD) - for faculty/non-trainees

**** Registration Deadline: October 15, 2012 ****

Course fee is waived for Trainees in MD, DNB, DM or PhD [Disclaimer: Trainees need to prove their status]

Program highlights:

- Access to all pre-recorded online lectures, once each week – 40 lectures
- Participation in all GoToWebinar interactive sessions, one every month – 12 sessions
- **FREE ENTRY to the AIIMS ~ Brigham CME (ABC) in Nephrology for REGISTERED CANDIDATES ONLY!!**
CME Venue: Ramalingaswamy Board Room, All India Institute of Medical Sciences (AIIMS), New Delhi
Dates: 19th October – 21st October, 2012 (Friday to Sunday)
- A signed “Certificate of Completion of the Program” from the ISN for fulfilling the program requirements

Faculty for the certificate program will include:

Dr. Gerald B. Appel, M.D., Director of Clinical Nephrology, Columbia University Medical Center, New York, USA
Dr. Helmut Rennke, M.D., Department of Pathology, Brigham and Women’s Hospital, Boston, USA
Dr. Ajay K. Singh, M.D., Renal Division, Brigham and Women’s Hospital, Boston, USA
Dr. Anil K. Chandraker, M.D., Renal Division, Brigham and Women’s Hospital, Boston, USA
Dr. David. J. Salant, MD, Boston University, Boston, USA
Dr. Sanjeev Sethi, M.D., Department of Pathology, Mayo Clinic, Minnesota, USA
Dr. Fernando Fervenza, M.D., Department of Nephrology and Hypertension, Mayo Clinic, Minnesota, USA
Dr. Vanesa Bijol, MD, Department of Pathology, Brigham and Women’s Hospital, Boston, USA
